

HR425 • Pennsylvania

Urging the United States Congress to suspend any and all efforts to pass Federal legislation that would impose a moratorium on state-level artificial intelligence regulation; recognizing the potential benefits along with the risks of misuse and systemic harm of artificial intelligence...

Introduced

Risk: Low

Amendment

Last Action (Mar 09, 2026): Referred to Communications & Technology

Summary

HR425 urges Congress to suspend efforts to impose a moratorium on state-level AI regulation, recognizing both the benefits and risks of AI technologies.

Business Impact

If you operate in Pennsylvania, you must comply with state AI regulations by the time they are enacted or face potential legal penalties.

Key Provisions

- Urges Congress to suspend any federal moratorium on state-level AI regulation.
- Recognizes the potential benefits and risks of AI technologies.
- Affirms Pennsylvania's authority to legislate for the protection of its citizens.

Industries Affected

Technology

General

Artificial Intelligence
