Effective: Jun 19, 2025 | Last Action (Jan 07, 2026): referred to science and technology

Summary

This bill prohibits New York state agencies and state-owned entities from using AI systems for decisions affecting individuals' rights, requiring human personnel to make such decisions. The analysis is based on the available description, and the full text might provide additional details on exceptions and enforcement.

Business Impact

If you operate a state agency in New York, you must ensure all decisions affecting individuals' rights are made by human personnel by the bill's enactment date or face enforcement actions.

Key Provisions

- Prohibits New York state agencies and state-owned entities from using AI for decisions affecting individuals' rights.
- Requires human personnel to make decisions instead of AI systems.
- Mentions exceptions for AI use, but specifics are not detailed here as the analysis is based on the available description.
- Includes enforcement provisions to ensure compliance, but details are not available in this analysis due to the lack of full bill text.

Compliance Checklist

- Develop and implement compliance policies and procedures | Who: State agencies and state-owned entities | Penalty: Legal action by the attorney general for violations
- Ensure all decisions affecting rights are made by human personnel | Who: State agencies and state-owned entities | Penalty: Legal action by the attorney general for violations
