

A2616 • New Jersey

Requires OIT to develop NJ generative artificial intelligence program and implement artificial intelligence education courses with county governments; appropriates \$1.5 million.

Introduced

Risk: Medium

Comprehensive

Last Action (Jan 13, 2026): Introduced, Referred to Assembly Science, Innovation and Technology Committee

Summary

The bill mandates the NJ Office of Information Technology to create a generative AI program and AI education courses with county governments, appropriating \$1.5 million. The specific roles of county governments are not detailed in the available text.

Business Impact

If you operate in AI education, you may need to collaborate with county governments on new courses.

Key Provisions

- OIT must develop a New Jersey generative AI program.
- Collaboration with county governments to implement AI education courses.
- Appropriation of \$1.5 million for program development and educational initiatives, with no specification on whether it is a one-time or recurring allocation. The roles of county governments are not detailed in the available text.
