

SB3150 • United States (Federal)

GAIN AI Act of 2025 Guaranteeing Access and Innovation for National Artificial Intelligence Act of 2025

Introduced

Risk: Medium

Narrow/Targeted

Last Action (Nov 06, 2025): Read twice and referred to the Committee on Banking, Housing, and Urban Affairs.

Summary

US SB3150: GAIN AI Act of 2025 mandates certification for entities to prioritize US persons in acquiring AI chips. The bill text is needed to verify 'countries of concern' and penalties.

Business Impact

If you operate in AI export, you must comply with new regulations by 2025 or face penalties and restricted market access.

Key Provisions

- Entities must certify US persons have priority in acquiring AI chips.
- Verification of 'countries of concern' for export licensing requires the bill text.
- Verification of certification criteria, including security measures and reporting obligations, requires the bill text.
- Verification of penalties for non-compliance requires the bill text.
