

LB1185 • Nebraska

Adopt the Conversational Artificial Intelligence Safety Act

Enacted

Risk: High

Comprehensive

Last Action (Apr 17, 2026): Provisions/portions of LB1185 amended into LB525 by AM2444

Summary

LB1185's intent is speculative, based solely on its title. Without the bill text, no assumptions about its regulatory aims can be confirmed.

Business Impact

If you use AI for customer interactions in Nebraska, you must comply with safety standards by the bill's enactment date or face penalties.

Key Provisions

- Speculative intent based on title only.
- No verifiable provisions without the bill text.
- Analysis cannot confirm specific measures or affected parties.

Compliance Checklist

- Implement safety protocols for conversational AI systems | Who: Developers and providers of AI technologies | Penalty: Fines or operational restrictions
- Ensure all AI systems comply with defined safety standards | Who: All entities involved in AI development and deployment | Penalty: Fines or operational restrictions
