

HB7783 • United States (Federal)

AI-Ready Networks Act

Introduced

Risk: Medium

Study/Task Force

Last Action (Mar 04, 2026): Referred to the House Committee on Energy and Commerce.

Summary

The AI-Ready Networks Act mandates a report by the Assistant Secretary of Commerce for Communications and Information on integrating AI into U.S. telecommunications infrastructure and other purposes, including enhancing cybersecurity and promoting innovation.

Business Impact

If you operate in telecommunications, you must prepare for potential changes in AI integration by the report's release or face operational challenges.

Key Provisions

- Directs the Assistant Secretary of Commerce for Communications and Information to publish a report.
- Focuses on AI integration into telecommunications infrastructure.
- Addresses enhancing cybersecurity and promoting innovation.
- Outlines scope, specific requirements, and deadlines for the report.
