

HB7997 • United States (Federal)

Research and Oversight of AI in Courts Act of 2026

Introduced

Risk: Medium

Study/Task Force

Last Action (Mar 19, 2026): Referred to the House Committee on the Judiciary.

Summary

US HB7997: Federal Research and Oversight of AI in Courts Act of 2026 establishes a task force for the US federal judicial system, focusing on AI speech-to-text and automatic speech recognition technologies and other purposes.

Business Impact

If you develop AI for courts, monitor this bill for potential compliance requirements.

Key Provisions

- Establishment of a federal task force to address AI-related legal and ethical issues in the US federal judicial system.
- Explicit mention of AI speech-to-text and automatic speech recognition technologies and other purposes in the official description.
- The specific duties of the task force, its composition, specific objectives, and timeline for its establishment cannot be confirmed without the full bill text, indicating potential missing critical information.

Compliance Checklist

- Engage with the task force and provide input on AI technologies used in courts. | Who: Legal professionals and technology providers. | Penalty: Potential legal scrutiny for non-participation.
- Implement any new guidelines or recommendations issued by the task force. | Who: Court systems and legal professionals using AI technologies. | Penalty: Legal consequences for failure to comply with new regulations.
