

SB4154 • United States (Federal)

Research and Oversight of AI in Courts Act of 2026

Introduced

Risk: Medium

Study/Task Force

Last Action (Mar 19, 2026): Read twice and referred to the Committee on the Judiciary.

Summary

The bill establishes a task force to address legal and ethical issues of AI speech-to-text and automatic speech recognition technology in U.S. courts. Specific issues and stakeholders are not detailed in the available description.

Business Impact

If you use AI for speech recognition in courts, you must monitor task force findings for compliance.

Key Provisions

- Establishment of a task force to address legal and ethical issues related to AI speech-to-text and automatic speech recognition technologies in courts. The analysis is based solely on the official description and may not capture all elements of the bill, including the task force's specific objectives, scope, or potential stakeholders, which might be detailed in the full bill text.

Compliance Checklist

- Participate in task force discussions and implement recommendations. | Who: Courts and legal professionals using AI technologies. | Penalty: Potential legal challenges or non-compliance issues.
