

SB 2993 • Illinois

AI-PRESCRIBING MEDICATION

In Committee

Risk: Medium

Amendment

Last Action (May 22, 2026): Rule 3-9(a) / Re-referred to Assignments

Summary

IL SB 2993: AI-PRESCRIBING MEDICATION regulates AI use in prescribing, requiring licensed professional oversight and establishing penalties for non-compliance.

Business Impact

If you are a licensed medical professional in Illinois, you must ensure AI does not prescribe medication without your full control or face penalties.

Key Provisions

- Prohibits AI from prescribing medication without full control by a licensed professional.
- Establishes penalties for violations of AI prescription regulations.
- Grants investigatory authority to the Department of Financial and Professional Regulation.
- Allows for rulemaking regarding the authorized use of AI in prescribing medication.

Compliance Checklist

- Ensure AI does not prescribe medication without your control | Who: Licensed medical professionals | Penalty: Potential fines or disciplinary actions
- Stay informed about regulations and rules established by the Department of Financial and Professional Regulation | Who: Licensed medical professionals | Penalty: Potential fines or disciplinary actions
