

SB0150 • Indiana

Artificial intelligence and cybersecurity.

Passed Both Chambers

Risk: Medium

Study/Task Force

Last Action (Mar 13, 2024): Public Law 108

Summary

The bill creates an artificial intelligence task force to study AI use by state agencies and allows public entities to adopt technology and cybersecurity policies.

Business Impact

If you operate a state agency in Indiana, you must assess AI technologies in use and comply with new policies by the task force's guidelines.

Key Provisions

- Establishes an artificial intelligence task force to study AI use by state agencies.
- Allows public entities to adopt technology resources and cybersecurity policies.
- Specifies requirements for entities connecting to Indiana's state technology infrastructure.
- Ensures compliance with licensing terms for software applications used by state agencies.
- Mandates inventory submission of AI technologies by state agencies to the task force.
- Clarifies ownership of records held by state and local governments.

Compliance Checklist

- Adopt technology resources and cybersecurity policies | Who: Public entities
- Submit an inventory of AI technologies in use | Who: State agencies
