

SB52 • Kentucky

AN ACT relating to technology in education and declaring an emergency.

Introduced

Risk: Medium

Comprehensive

Last Action (Jan 03, 2024): to Education (S)

Summary

SB52 creates the Artificial Intelligence in Kentucky's Schools and Higher Education projects, mandating AI training and policy development, including for nonpublic schools.

Business Impact

If you operate a school in Kentucky, you must adopt AI-related policies and provide training by the next academic year or face compliance issues.

Key Provisions

- Establishes the Artificial Intelligence in Kentucky's Schools project.
- Mandates professional development training on AI for educators and administrators, including nonpublic schools.
- Requires school districts to adopt AI-related policies and submit annual reports.
- Creates the Artificial Intelligence in Higher Education project.
- Requires postsecondary institutions to develop AI policies and submit annual reports.
- Amends definitions in KRS to include AI as a technology.
- Council for Education Technology to assist in developing the education technology master plan.

Compliance Checklist

- Adopt AI-related policies and procedures | Who: School districts | Penalty: Potential compliance issues
- Provide professional development training on AI | Who: Kentucky Department of Education | Penalty: Potential compliance issues
