

SB2585 • Hawaii

Relating To Artificial Intelligence.

Introduced

Risk: Medium

Comprehensive

Last Action (Jan 28, 2026): Referred to HHS/LBT, WAM/JDC.

Summary

The bill mandates the creation of an AI-enhanced online clearinghouse for health programs, requiring audits of AI models, annual reporting, and coordination with multiple departments.

Business Impact

If you operate a health program using AI, you must participate in audits and reporting once the online clearinghouse is established or face penalties.

Key Provisions

- Establish an AI-enhanced online clearinghouse for health programs.
- Ensure regular audits of AI models used in the clearinghouse.
- Submit an annual report to the Legislature detailing findings and recommendations.
- Support the integration of AI technologies to improve evidence-based decision-making.
- Coordinate with the Department of Budget and Finance, Office of Enterprise Technology Services, and Department of Human Services.
- Appropriate funds for the implementation of the clearinghouse.

Compliance Checklist

- Establish the online clearinghouse enhanced by AI. | Who: Department of Health (DOH)
- Conduct regular audits of AI models. | Who: Department of Health (DOH)
- Submit annual report to the Legislature. | Who: Department of Health (DOH)
