

# H64 • Massachusetts

## Establishing a commission on automated decision-making by government in the Commonwealth

Introduced

Risk: Medium

Study/Task Force

Last Action (Aug 03, 2023): Accompanied a new draft, see H4024

### Summary

Bill H.64 proposes a commission to study automated decision-making by government in Massachusetts, involving the Advanced Information Technology, the Internet and Cybersecurity committee.

### Business Impact

If you use AI for government decision-making, you must ensure transparency and fairness or face scrutiny by the new commission.

### Key Provisions

- Establishes a commission on automated decision-making by government
- Includes members of the General Court
- Involves the Advanced Information Technology, the Internet and Cybersecurity committee
- Focuses on transparency, fairness, and individual rights

### Compliance Checklist

- Participate in commission activities and provide input on automated decision-making practices.  
| Who: State agencies and relevant stakeholders.
