Last Action (Jan 07, 2026): referred to governmental operations

Summary

The bill establishes a chief artificial intelligence officer in New York to develop AI policies and coordinate activities across state entities.

Business Impact

If you operate in New York and use AI, you must prepare for new policies from the chief AI officer once appointed or face potential compliance issues.

Key Provisions

- Establishes the position of chief artificial intelligence officer.
- Mandates the development of statewide AI policies and governance.
- Requires coordination among all state departments, boards, commissions, agencies, and authorities using AI tools.
