

SB 1546 • Oregon

Relating to artificial intelligence companions.

Passed Both Chambers

Risk: High

Comprehensive

Last Action (Apr 06, 2026): Effective date, January 1, 2027.

Summary

The bill mandates AI companion operators to disclose interactions with artificial output and implement mental health protocols.

Business Impact

If you operate an AI companion platform in Oregon, you must disclose user interactions as artificial and implement mental health protocols immediately.

Key Provisions

- Operators must notify users they are interacting with artificial output.
- Protocols for detecting suicidal ideation must be established.
- Operators must make disclosures if users are minors.
- Operators must prevent AI from misleading users into thinking they are interacting with a human.
- Annual reports on mental health referrals must be posted publicly.
- Users can seek damages for ascertainable harm.

Compliance Checklist
