

SB 2437 • Mississippi

"Prohibition of Exploitation by Deepfakes Act"; enact.

Enacted

Risk: High

Comprehensive

Last Action (Feb 04, 2025): Died In Committee

Summary

The Prohibition of Exploitation by Deepfakes Act prohibits publishing non-consensual intimate visual depictions and morphed images, with exceptions for lawful disclosures.

Business Impact

If you operate a platform that allows user-generated content in Mississippi, you must establish a notification process for non-consensual intimate depictions by 2026 or face penalties.

Key Provisions

- Prohibits publishing non-consensual intimate visual depictions.
- Requires platforms to establish a notification process for reporting violations.
- Defines key terms such as 'morphed image' and 'intimate visual depiction'.
- Stipulates that consent for creation does not equal consent for publication.
- Includes exceptions for lawful disclosures to law enforcement or for medical purposes.
- Limits platform liability in certain circumstances.
- Imposes penalties including fines and forfeiture of violative materials.
- Grants enforcement authority to the Attorney General.

Compliance Checklist

- Establish a notification process for reporting non-consensual intimate visual depictions. | Who: Covered platforms | Penalty: Fines and other penalties for non-compliance
- Remove violative material upon notification from an identifiable individual. | Who: Covered platforms | Penalty: Fines and other penalties for non-compliance
