

SB3548 • Illinois

CONSUMER DATA PRIVACY ACT

Unknown

Risk: High

Comprehensive

Last Action (Mar 27, 2026): Rule 2-10 Committee Deadline Established As April 24, 2026

Summary

The Consumer Data Privacy Act establishes rights for consumers regarding their personal data and mandates compliance for businesses operating in Illinois.

Business Impact

If you process personal data of Illinois residents, you must ensure consumer rights are upheld or face enforcement actions.

Key Provisions

- Establishes consumer rights regarding personal data processing.
- Applies to businesses processing data of at least 100,000 consumers or 25,000 consumers with over 50% of revenue from data sales.
- Attorney General has exclusive enforcement authority.
- Creates the Consumer Privacy Fund.
- Amends the Freedom of Information Act regarding data assessments.

Compliance Checklist

- Implement processes to confirm data processing and allow corrections. | Who: Businesses processing consumer data in Illinois. | Penalty: Enforcement actions by the Attorney General.
- Establish mechanisms for consumers to opt out of data sales. | Who: Businesses deriving revenue from the sale of personal data. | Penalty: Enforcement actions by the Attorney General.
