

# AB 2575 • California

## Health care services: artificial intelligence.

Unknown

Risk: Medium

Comprehensive

Last Action (Apr 13, 2026): Re-referred to Com. on P. & C.P.

## Summary

AB 2575 mandates disclosures for AI use in health care, specifying the time and manner for disclosure, and expands the scope of a crime by imposing new requirements on facilities.

## Business Impact

If you use AI in health care, you must provide disclosures and allow overrides or face compliance issues.

## Key Provisions

- Requires written notice for AI use in patient care, specifying time and manner (Section 1).
- Allows health care workers to override AI outputs (Section 1).
- Prohibits employer retaliation against workers (Section 2).
- Clarifies liability in cases involving AI outputs (Section 3).
- Expands the scope of a crime by imposing new requirements on facilities (Section 4).
- No state reimbursement required for local agencies (Section 5).

## Compliance Checklist

- Provide written notice of AI use and disclosure to staff | Who: Health facilities and clinics | Penalty: Potential expansion of criminal liability
- Ensure disclaimers are included in AI-generated communications | Who: Health facilities and clinics | Penalty: Potential expansion of criminal liability
