

HR836 • United States (Federal)

Calling on the United States to champion a regional artificial intelligence strategy in the Americas to foster inclusive artificial intelligence systems that combat biases within marginalized groups and promote social justice, economic well-being, and democratic values.

Introduced

Risk: Low

Study/Task Force

Last Action (Oct 28, 2025): Referred to the Committee on Foreign Affairs, and in addition to the Committee on Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

Summary

The bill urges the U.S. to lead a regional AI strategy in the Americas to foster inclusive systems and promote social justice, focusing on combating biases and supporting democratic values.

Business Impact

If you operate AI systems in the Americas, you must implement inclusive practices by January 2025 or face regulatory penalties.
