

AUTONOMOUS VEHICLE ACT

Enacted

Risk: High

Comprehensive

Last Action (Jan 09, 2019): Session Sine Die

Summary

The Safe Autonomous Vehicle Act allows manufacturers to operate autonomous vehicles under specific regulations, including an On-Demand Automated Vehicle Network.

Business Impact

If you manufacture autonomous vehicles in Illinois, you must self-certify and notify the DMV before commencing projects or face fines.

Key Provisions

- Manufacturers must self-certify and notify the DMV before starting a SAVE project.
- The SAVE project may involve an On-Demand Automated Vehicle Network.
- Manufacturers assume liability for incidents caused by their ADS technology.
- Data collection and reporting to the DMV and NHTSA are required.
- A \$10,000 fine for a first violation of operating an ADS vehicle without meeting eligibility requirements, with subsequent violations being a Class A misdemeanor.
- The act preempts local regulations regarding autonomous vehicle operations.
- Manufacturers must provide a privacy statement regarding data handling.

Compliance Checklist

- Self-certify and notify the DMV before commencing a SAVE project | Who: Motor Vehicle Manufacturers | Penalty: Fines for non-compliance
- Maintain incident records and provide summaries to the DMV and NHTSA | Who: Motor Vehicle Manufacturers | Penalty: Potential fines or legal action
